Attendance Robot Crack Product Key Full Free Download [Win/Mac]

## **Attendance Robot Crack + License Code & Keygen X64**

Attendance Robot Crack For Windows is an Excel Add-In that lets you turn your attendance sheet into self-service attendance machine. Attendance Robot captures the following information:

- name of attendee
- attendance date (ranges from current date to either previous or next date)
- start time and end time for the attendee (it is displayed on Attendance Robot as "from" and "to")
- status (attended/unattended)
- section/class (if attendance occurs for multiple sections/classes)
- role/group (if attendance occurs for multiple roles/groups)
- task
- reason (if attendance is for a task)

Attendance Robot Features:

- Attendance Robot uses Attendance Wizard to collect attendance data and it covers the following areas:
- icon 1 - Meeting or Team Meetings (multiple optional filters)
- icon 2 - Attendance by Instructor (for classes taught by someone else than the attendee)
- icon 3 - Attendance by Section (for classes where attendance occurs for multiple sections)
- icon 4 - Attendance by Section and Class (for classes where attendance occurs for multiple classes within a section)
- icon 5 - Attendance by Task (for tasks)
- icon 6 - Attendance by Task (for tasks) and Multiple Task (for multiple tasks)
- icon 7 - Attendance for Multiple Sections (for classes that occur for multiple sections)
- icon 8 - Attendance by Role (for multiple roles)

Attendance Robot License: Attendance Robot is a freeware that is provided under GNU/GPL open source license and can be used free of cost for personal, non-commercial usage and is non-transferable for a fee of \$70 US. Attendance Robot must not be distributed or installed in non-compatible platforms. See Attendance Robot for more details. Attendance Wizard is a feature of Attendance Robot that creates attendees' list of meeting or team meetings. The user can enter attendance date and begin collecting attendance data of each attendee. You can also enter optional criteria for filtering attendee's list by title, role, group, section, class, or time. You can also manually correct any errors, re-capture attendance data and

### **Attendance Robot Crack+**

Cracked Attendance Robot With Keygen is a self-service attendance system for Microsoft Excel that can automate attendance taking, calculation and reporting. Attendance Robot will save you a lot of time and improve your attendance taking accuracy! Attendance Robot simplifies things, allowing you to take attendance and calculate dues as if

---

attendance taking is automatic. Attendance Robot gives you accurate attendance counts and user data. A new feature is Attendance Robot's 'Welcomes' feature - greet your attendees with 'Merry Christmas', 'Good Morning', 'Happy Birthday' or other custom greetings. Attendance Robot can take attendance for every users individually or globally - you can select the user groups to whom the greeting should be displayed, before attendance taking starts. To go even further with automation, Attendance Robot can calculate your user's total attendance, dues and more, based on your attendance sheet. All Attendance Robot needs is your attendance sheet, and attendance totals from an older time period, and can automatically calculate dues. Here is a walk-through to help get you started. We've built some extra features into Attendance Robot that you might not otherwise expect, so it's always best to do a quick test run before rolling it out on a large scale. We understand your time is precious, and we also understand that small mistakes can always be corrected, so do try this first before the big changes - it will save you a lot of time and prevent you from making a big mistake. Attendance Robot works with:

- Attendance Sheet - works only with Excel 97 (Excel 2002 or later)
- Excel 2002 or later
- Minimum of 50 persons in attendance
- 1 Attendance Robot user, but may be made multi-user (seperate licenses)
- Users may also be customized (uniform, fatties, clerics, clones, etc.)
- Microsoft Access 2000 or later
- Word document can be customized with a heading or a header of attendances only
- Audience, Audience Size and Audience Count can be saved separately in different categories.
- Attendance can be taken with or without a parent row, if a parent row is missing, attendances are added.

Attendance Robot Instructions: □ Download "Attendance Robot" Excel Add-In. □ Run "Attendance Robot" Excel Add-In as an Excel add- 3a67dffec
