What's new:

, the Life, the Power: The Psychedelic Wisdom of Advanced Spiritual Beings from Across the Cosmos, VOLUME TWO. Edited by Michael Hofmann. Happy Alchemy 2,00 NEW! This was a great little book I happened upon while scanning the 'New Age' section of my

local supermarket. It is edited by Michael Hofmann who is an accomplished author in his own right. He develops an effective argument for the correspondences found in the trinity of the tripping, shat and math matrix. Even if you don't buy into the whole 'new age' movement you'll find this a very interesting read. It also has an extensive bibliography! I can't wait to get started on Volume 1. D.F.R.: The Light, the Life, the Power: The Psychedelic Wisdom of Advanced Spiritual Beings from Across the Cosmos, VOLUME ONE. Edited by Michael Hofmann. Happy Alchemy 1,99 This 'brick and mortar' book is rare in that it was self-published about 9 years ago. I bought this on a whim at the book store and cannot recommend it enough. It's a mixture of incredibly dense, brilliant insight about consciousness from the 'thought leaders' of the 'New Age' movement and your regular run of the mill yoga trash magazines or junk food diets. Hofmann has a certain 'Athiesmic Voice' to his writing that is hard to shake off. Whether you buy into the 'new age' movement or not, this book entertains and enlightens the one who reads it. You can pick up a copy at Michael's site. One of my favorite authors in the world is Donald Michael Kraig. He's about as 'next level' of New Age as it gets. He was one of the founding fathers of the 'Energetics of Mind' which is basically using everything from your natural body's ability to 'light' and energy waves to 'think' and the sound waves of 'mind' to other esoteric and natural 'thinking' tools. He originally promoted this 'advanced teaching' back in the 80's in books like Essence Magazine. Donald use to 'promote' from his North Florida studio he built with his wife during the 80's. However since then Donald has moved away from New Age promotion to a more 'shamanic' outlook of reality. Donald has however
