Goalkeepers in addition use the same data set, allowing them to make more aggressive decisions while fighting for the ball. This leads to a faster, more accurate and intuitive goalkeeper gameplay. The goalkeeper motion capture also improves tackling, making it easier to prepare defensive blocks and challenge difficult shots. FIFA Ultimate Team will also feature HyperMotion Technology, and it will be triggered by pressing buttons on the touchscreen. Using this tech to access Ultimate Team will provide a more intuitive and fluid, faster experience. FIFA Ultimate Team is back for FIFA 22, bringing you even more ways to build your dream team and compete with your friends. With all the mechanics you need to get better together, and the ability to build your dream team, Ultimate Team is back. Playing as a real-life football club has never been so authentic!
